

# GE BURSARY PROGRAMME

## Applications for 2020 now open

### About General Electric:

General Electric is a leading American corporation and is among the largest and most-diversified corporations in the world. Its products include electrical and electronic equipment, aircraft engines, medical equipment, digital and so forth. For more than 125 years, GE has invented the future of industry. Our vast and valuable installed base across aviation, power, healthcare and renewable energy keeps us intimately involved in the daily operations of our customers around the world. We've built a local presence, a strong brand, and deep customer relationships in more than 180 countries. GE is proud to serve as true partners in growth and development — offering resources and experience, investing in local talent and supply chains, and bringing other partners along with us

### Basic Bursary Requirements:

- Applicants must be South African Citizens with relevant ID document/card.
- Applicants must be financially needy, thus must not have funding from any other institution.
- A minimum of 60% average is required.

### Which faculties are we funding? What the Bursary Covers:

- |                             |               |
|-----------------------------|---------------|
| • All fields of Engineering | Tuition fees  |
| • Health Sciences           | Textbooks     |
